_____

ASSUMPTION OF RISK:
It is the assumption of this board that participation in this league requires an acceptance of risk of possible injury or harm, including paralysis or loss of life. As a participant, you can help make athletics safer by not intentionally using techniques that are illegal and which may cause serious injury.

The Board of the Big Cat Basketball League is concerned for everyone's safety and wants you to receive the benefits of participation. It is the coach's responsibility to have every player on his/her team registered with roster and waiver verification. All liability will fall solely on the coach for any player not registered with a waiver form!

I, _____, have read the above assumption of risk, and agree to hold harmless all the sponsors, coordination groups, volunteers, the South Lyon School district and all of its employees and board members as well as officials, coaches, officers and all volunteers of the Big Cat Basketball League.
